

DOMUS NOVA

Casa Islita, Cala Jondal

For 12 guests

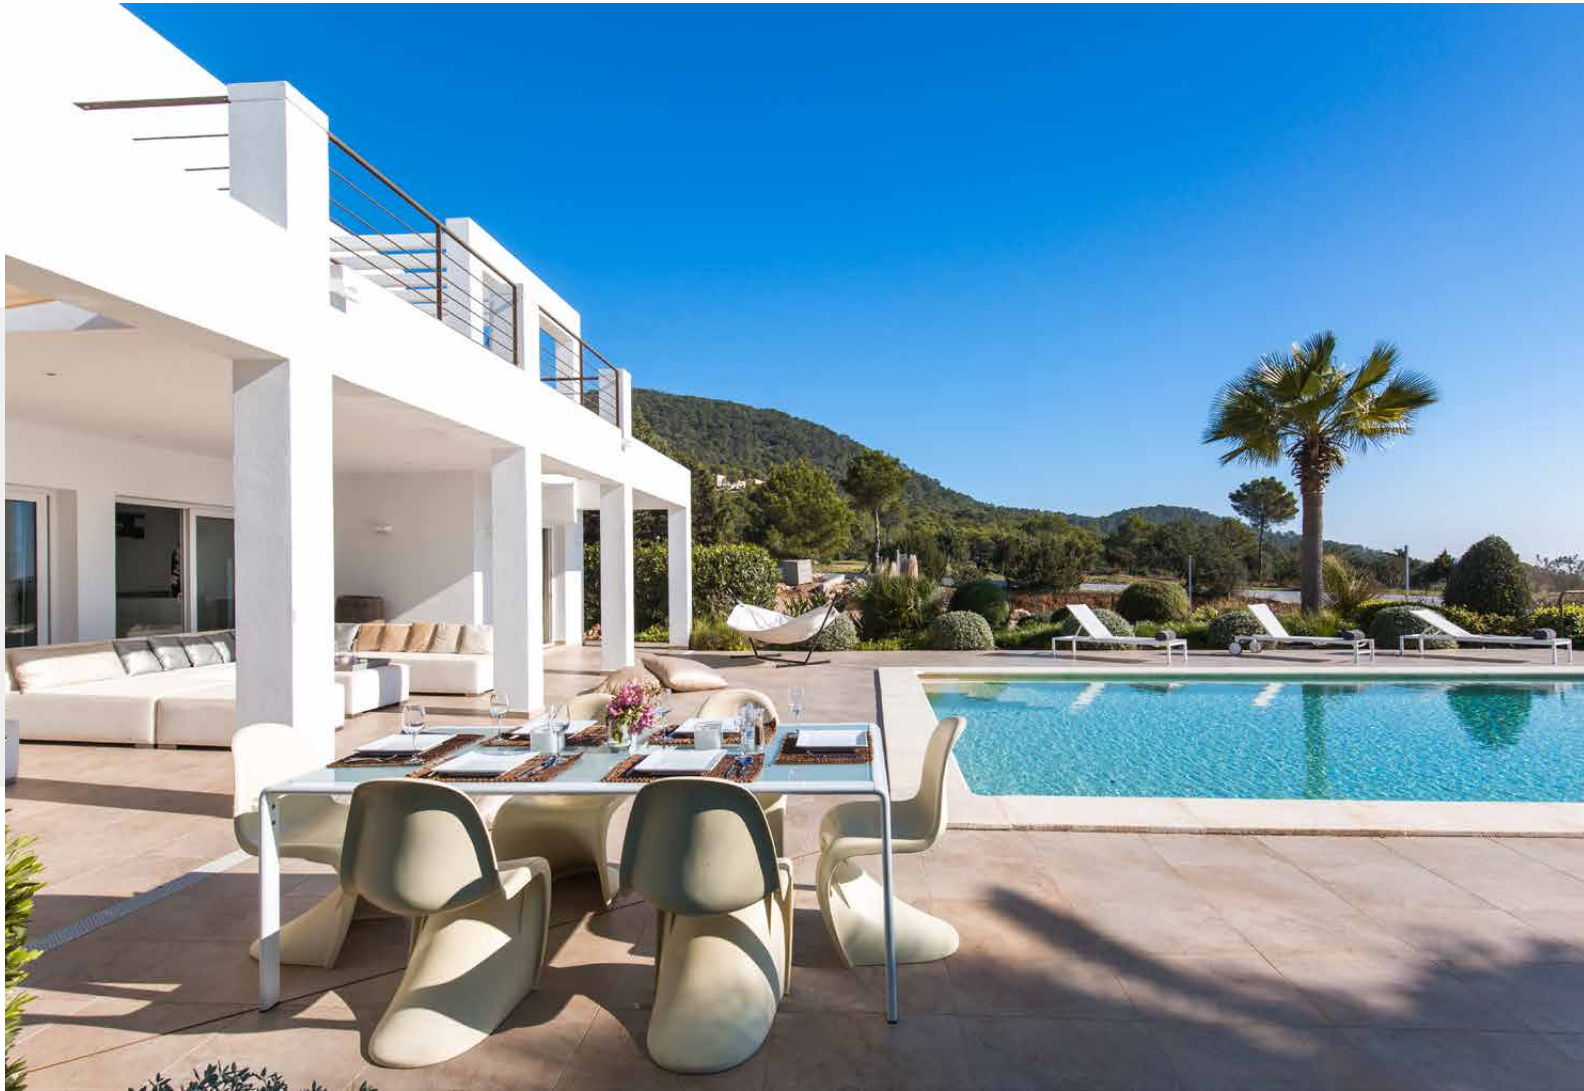

Styled to modern perfection and exceptionally private, Casa Islita enjoys a large swimming pool, multiple shaded relaxation areas and a grass tennis court.

Totally secluded and exceptionally private, guests at Casa Islita benefit from huge amounts of outdoor space, a uniquely designed swimming pool, a handful of shady chill-out areas and a grass tennis court.

Set within two acres of private land, this six-bedroom villa encompasses a main house with five bedrooms and separate annex apartment with an en-suite bedroom and a private living space. Sleeping up to 12 guests with ample space to spread out, this is the perfect villa for large families with guests. No detail has been overlooked in the chic interior and the stunning open-plan reception/living room spans the entire ground floor, with large glass-doors leading directly out to the terrace. Floor-to-ceiling glass doors in the communal spaces and the bedrooms allow fresh air and light to flow through the rooms.

At the core of this villa, the sensational swimming pool is surrounded by multiple pockets of chill-out space, including an al-fresco dining area and a family-sized hammock. The shallow end of the pool extends to create the feeling of a cool oasis and guides your gaze to glimpses of the sea beyond the lushest island countryside.

Beautifully styled to create a modern, calm vibe, the open-plan living-cum-dining room features sleek furnishings, white-washed walls and cool stone tiling. An elegant kitchen takes the chore out of cooking, and a breakfast bar ensures the chef has company.

Stunning architectural beams punctuate the indoor and outside spaces at Casa Islita, and the upper terrace offers stunning views overlooking the estate and surrounding hills. Fancy a spot of tennis whilst on your holiday? Casa Islita also has its own artificial grass tennis court.
