Sa Jondal, Cala Jondal

For 10 guests

A modern three-bedroom villa that soaks up the view across Cala Jondal from every angle. And an infinity pool.

A suave, good-life getaway in southern Ibiza that's home to world-class art by Eugenio Recuenco. Barely-there boundaries between modern interiors and the island's pine-clad landscape. Pristine panoramas that backdrop the infinity pool and the al-fresco dining area. Subtle doors divide sweeping social spaces into pockets of privacy.

There's nothing traditional about this feel-good villa. Wraparound glazing that slides open to let living areas spill onto wide patios. A chef-grade kitchen designed for entertaining. Sprawling, polished bedrooms with deep-set baths that look onto leafy valleys. In the basement, a Technogym-equipped gym and entertainment room, amped up by high-spec turntables and Sonos speakers. Later, settle into luxurious daybeds.

In the basement, a Technogym-equipped dedicated workout space and entertainment room, amped up by high-spec turntables and Sonos speakers. Later, settle into luxurious daybeds.

Spread out across the bedrooms and two separate guest houses. The master suite – complete with a dressing room – steals the show here. Statement golds, a shaded terrace and standout freestanding tub to soak in. Open the doors and let the breeze drift in from the roof terrace. Behind the oversized headboard, frameless showers, aureate walls and dual vanity. Elsewhere, a Kinesis-kitted games room with a pool table. Onsite staff will take of the rest.
