Villa Pietra, Cala Tarida - €8.000.000

In partnership with **BARNES**
INTERNATIONAL REALTY

High above Cala Tarida, this five-bedroom villa for sale commands sweeping views – a sculptural new build shaped by the land and Mediterranean living. There's a quiet drama to Villa Pietra. Elevated above the coast, it looks out over bands of blue where sea and sky dissolve into one. Design by Balzar Arquitectos is confident and clear-cut: concrete forms play host to contemporary interiors, while thoughtful native planting backdrops streamlined outdoor living. Currently in construction and due for completion in summer 2026, this new-build villa arrives almost ready to inhabit – with scope to add your own imprint through the final details. Interiors will come fully furnished, with hand-picked pieces from collections by Serax and Vincent Van Duysen, Gordon Guillaumier and more.

A central walkway creates a cinematic sense of arrival, drawing you through the house straight to its social core. This is where the setting takes over. Full-height electric windows stretch across the living space, sliding open to create one seamless sun-washed scene. Materials have been meticulously selected: travertine floors, warm stone and Bauwerk limewashed walls that amplify light. Generous but relaxed, the kitchen and dining area is made for company; its Moblaco Organic Series kitchen is refined and fitted with high-spec appliances from Gaggenau and Miele and taps by ICÓNICO O Collection.

Outside, the villa opens up in layers. Main terraces step down with the building, dotted with open decks, shaded corners and a Barraza stainless steel outdoor kitchen. The infinity pool is its pièce de résistance, stretching the length of the terrace. A quieter corner reveals the secret garden – a tucked-away hideout with a sunken seating area beneath a weeping willow.

Back indoors, five bedrooms are arranged for privacy and rest. Each has its own en suite bathroom in Titanium travertine – all clean lines and brushed copper details. Comforts are woven quietly into the background: smart home technology lets you control lighting, climate and underfloor heating with ease. Plus, a Siber double-flow ventilation system installed in all rooms.

Who ——— we are

Forward-thinkers in property, design and culture, we're an estate agency that hits refresh.

Domus Nova was born out of a desire to do things differently; to break the traditional agency model and focus on design-led homes in London and Ibiza, all while delivering the highest levels of personal service.

Our story starts in the nineties when we founded Notting Hill's first boutique agency – and we continue to open the doors to the most remarkable spaces, revealing them to our like-minded community.

We want to help you live better – and believe considered design can do that. That's why we remain committed to building on our legacy, in collaboration with BARNES International, an established agency with a market-leading presence in 22 countries.

Uniting our local insight and curated portfolio with BARNES International's expansive reach, we can facilitate the best opportunities in not only London and Ibiza, but also across Europe, the US and further afield – whether that's a château in the South of France, a penthouse in New York, or a chalet in the Swiss Alps.
