Villa Davina, Roca Llisa  
For 10 guests

Sink into the spectacular views at this tastefully renovated finca. From its raised position, Villa Davina looks out over verdant Ibiza pine forests and beyond the nearby coastline all the way across to the crystal clear waters of Formentera. These views can be enjoyed from a gorgeous infinity pool as well as the luxurious outdoor chill-out and dining spaces, hammocks and swings. Truly a place to relax and unwind, the interior decor gives this villa a global appeal, with tastefully chosen artefacts and design details inspired by travels around the world.

A classic island palette of white-washed exteriors and traditional stone walls soothe the soul and pay tribute to the villa's finca-history. Made for relaxing, low lying daybeds are scattered on the timber deck and by the poolside.

Fire up the villa's jacuzzi to create a spa-like feeling at home. The villa also has an onsite gym to use at your leisure. Ready for a chilled evening? There's a projector for movie nights by the villa's indoor fireplace. There's also a chic desk in a quiet corner of the living room for those needing to check in before they check out.

Bedrooms are distributed between the main house and two external guest houses. The master suite in the main house features a stylish en suite, complete with his-and-hers vanities and a modern egg-shaped bathtub. Each bedroom has characterful details: think delicious textiles, flowing four posters and arty woody kists.

The modern kitchen, dining room and living room all interconnect to allow a sense of flow through the space, or can be closed off with discrete sliding doors. The living room celebrates architectural heritage with a full wall of Ibiza stone.

The Roca Llista estate envelopes this home in the peaceful countryside, ensuring your holiday is as peaceful as you would like it to be. For those in Ibiza with energy, the world-famous clubs and bars of Ibiza Town are less than 20 minutes away.
